NUMBER 99.

DISCUSSED BY OTIS.

Conditions in the Philippine Islands Again Reviewed.

WARAS WAR WAS OVER WHEN HE LEFT

Admiral Dewey Had Armed a Considerable Force of the Native Warriors—Another Chapter On the Beginning of Hostilities.

Washington, March 18.—Major General Otis again appeared before the senate committee on the Philippines. When he left the Philippines in May, 1900, General Otis said that the army had disposed of all of Aguinaldo's army, quiet prevailed during the months of May and June and hardly a shot was fired. A civil government had been set up, also the supreme court and courts of first instance in seven of the 19 provinces of Luzon. Answering a question by Senator Culbertson, General Otis said he never trusted native officers because they were too cruel to their men. When he left the Philippines, he said, "the war as war" had ceased. Answering a question by Senator Hale, General Otis said he saw no difficulty in withdrawing a material number of troops from the islands. The native forces he declared to be very necessary and he said there was no peace in Manila until the native police was organized. General Otis said that when he left Manila he apprehended further trouble because there was a certain element which dominated the ignorant classes. The great majority, however, wanted peace.

Asked by Senator Hale where the supplies, money, arms, etc., of the insurgents came from, General Otis said they received 2,500 rifles from Admiral Dewey and they also received from Hongkong certain arms, shipped aboard an American vessel, which landed at Batangas. They had received some arms from Japan and had captured some from the Spaniards at small garrisons which they attacked. He said that the merchants gave him more trouble than the insurgents themselves.

As to the capacity of the Filipinos for self-government, General Otis said that Aguinaldo's former secretary of state had told him that it would take 100 years to accomplish this; the Filipinos were not capable of self-government. The Filipinos, he said, understand that they must have protection, because without it other nations would divide up the islands, but they were desirous of making the best possible terms they could with the United States.

General Otis testified he himself had directed Aguinaldo to withdraw to the suburbs of Manila outside the America defenses, according to the terms of the protocol with Spain. This was not only a military necessity, but in accordance with right and duty. No nation in the world, he said, except the United States would have allowed these people to have hemmed us in the way they did. The order for their withdrawal was made solely in the interests of peace. The dual occupancy of Manila, General Otis said, he considered dangerous. He based his whole action, he said, on the protocol, as he understood it.

Death on the Gallows.

Mt. Holly, N. J., March 18.—John Young was hanged in the yard of the county jail here for complicity in the murder of Washington Hunter, an aged and wealthy farmer, who was killed in his home at Riverside, on the night of Jan. 25, 1901. Young made a confession in which he admitted having led the murderers to the Hunter home, but denied having struck the blow. Young is the second of the four men who participated in the murder of Mr. Hunter to pay the penalty. Young, in company with Charles Miller visited Mr. Hunter's house for the purpose of robbery. Hunter, who was 75 years old, resisted and was beaten to death. Kellar turned state's evidence. He is now awaiting sentence. Miller made his escape and has not been apprehended. Brown was hanged Dec. 3 last.

King Edward's Poor.

London, March 18.—Half a million of London's poor will be the guests of King Edward during coronation week. His majesty notified the mayor of the metropolis that the sum of £30,000 was placed at their disposal, and he invited them to make the necessary arrangements to entertain the very poor to the number of 500,000 at a dinner in celebration of his coronation.

In Foreign Ports.

Villefranche, France, March 18.—The United States cruiser Albany and the gunboat Nashville arrived here. They will remain for two weeks.

ANTHRACITE MINERS.

Operators Not Present at the Convention, But Mail Reasons.

Shamokin, Pa., March 12.—The convention of the United Mine Workers of districts 1, 7 and 9 began here at noon. District No. 1, comprising the Lackawanna and Wyoming regions, where there is said to be much dissatisfaction, practically controls the situation, and should the delegates from that region declare for a strike, the remaining districts would be compelled to accept the inevitable. According to Secretary Hartman of district No. 9 in the Shamokin district there are 144,000 mine workers in the anthracite region and 98 per cent of these are members of the United Mine Workers of America. It is intimated that recognition of the union will not be the chief issue before the convention. There are many grievances to be considered of more importance, it is said, than recognition of the union as a body.

When President John Mitchell of the United Mine Workers arrived he said he was not in touch with the situation in the anthracite region and could make no official statement until he had conferred with the district officers. Concerning the refusal of the presidents to meet the miners, Mr. Mitchell said the letters he had received would be presented to the convention, but he could not say whether they would be made public. The letters, said Mr. Mitchell, "contained the usual reasons given by operators when they object to meeting labor organizations."

Miners of the Virginias.

Huntington, W. Va., March 18.—The annual convention of the United Mine Workers of America, district No. 17, embracing the states of Virginia and West Virginia, met here. President Springer and other officials, as well as several national officers, are here. The meeting will continue two or three days. Officers are to be elected and important matters to be discussed.

Swollen Streams Checked.

Atlanta, Ga., March 18.—The sudden fall in temperature has effectively checked any further rise in the swollen streams of south Georgia, Alabama and Florida. Farm work of all kinds is behind two weeks. The railroads have restored traffic, which was interrupted in several places by washouts and trains are moving on time. The lowest temperature recorded in the south was 20 degrees in Atlanta. Freezing temperatures reaches into middle Georgia, Alabama and Mississippi and snow is falling in Wilmington, N. C.

The Olympian Games.

Chicago, March 18.—William Hale Thompson, chairman of the committee of preliminary athletics of the Olympian Games association, will leave Wednesday for the west. While away he will endeavor to work up enthusiasm over the Olympian games among the colleges and the athletic associations. It is expected that through the efforts of Mr. Thompson, the western athletes will be given a clear idea of the scope and intention of the games.

Major Betts Elected Governor.

Toledo, March 18.—A letter has been received here announcing the election of Major Arlington U. Betts as governor of the province of Albany, Philippine Islands, at the provincial elections held recently. Major Betts was military governor of the province prior to his election. He went to the Philippines as a captain of the Forty-seventh regiment.

Fatal Boiler Explosion.

Wausau, Wis., March 18.—Three men killed, the entire mill wrecked and one man injured, is the result of a boiler explosion in Wheeler Gavit's sawmill near Gallon, a village eight miles east of Wausau. The dead men are: Wheeler Gavit, proprietor of the mill; Chester Goldman, engineer; John Domahowski. The explosion was of terrific force.

Greeks Emigrating.

Athens, March 18.—The increase in Grecian emigration is seriously alarming the government. During the last few weeks 1,000 young people have gone to seek their fortunes in the United States. The press is calling on the government to introduce a measure to check this exodus.

Slave Plant Burned.

Paragould, Ark., March 18.—The large plant of the Pekin Slave and Manufacturing company was completely destroyed by fire. The loss is near \$100,000, mostly covered by insurance. About 100 employees are thrown out of work. The company will rebuild.

Granville Shepp, fire chief of Muncie, Ind., was fatally shot by a negro. Fire destroyed 12 business places and other property at Shortsville, N. Y. Loss \$60,000.

OHIO AT THE BIG SHOW

Commission Provided For to Have Charge of the Exhibit.

HOUSE PASSES BRUMBAUGH'S BILL.

Effort to Prevent Fraud in the Sale of Stocks of Merchandise—Reorganization of Militia—Other Legislative Matters.

Columbus, O., March 18.—The house passed the Brumbaugh bill to provide for the appointment of a commission to have charge of the Ohio exhibit at the St. Louis exposition. The bill carries an appropriation of \$75,000.

The Silberberg bill to prevent fraud in the sale of stocks of merchandise was passed without opposition. The bill requires that before a sale of a stock of goods can be completed a complete list of all creditors with amount due each must be furnished and all creditors given five days' notice of sale. Heavy fines and imprisonment are provided for failure to comply with the law.

Other bills passed were: To permit sheriffs and prison guards to ride with prisoners on freight trains and to require witnesses to the plugging of oil or gas wells.

Bills introduced: To require all county official printing to be done by the lowest responsible bidder (newspapers under the act will be required to give bond in not less than \$1,000); to compel railroad companies to build switches to adjoining manufacturing plants upon agreement to pay expenses; to prevent divorce decree being made within less than one year after marriage; to make it prima facie evidence that the holder or purchaser of government license to sell liquor is required to pay the Dow tax.

In the Senate.

A bill was passed creating a park board for the city of Cleveland.

The Harding bill to reorganize the national guard so as to make it conform with that of the regular army was passed by the senate. The bill will increase the value of the state military, extend the time on encampments and make it easier to mobilize, and at the same time it will not increase the expense of its maintenance. The object of the reorganization is to meet the requirements of a bill which will probably be enacted by the national congress, to give the state militia about \$50,000.

Bills introduced: To provide for a committee, consisting of the state commissioner of schools, the presidents of Ohio State, Ohio and Miami universities, and five other members to be appointed by the governor, to have control over all branches of study taught in the common schools; to repeal the law which makes the personal emphy of a judge ground for not allowing a judge to hear a case; to extend the term of the dairy and food commissioner from two to three years; allowing cities to levy a tax not to exceed seven-twelfths of a mill for the purpose of acquiring fire department buildings; providing for the rebuilding of the children's home in Pickaway county at a cost not to exceed \$15,000; making it unlawful and providing heavy penalties for the pollution of the waters and lakes by running the filth into them from straw board works; providing that the cost of the transportation of insane persons to hospitals shall be paid by the counties from which they are sent, at not to exceed three cents per mile; providing for the filing of annual reports by the secretary of the state board of agriculture.

Steamer Ashore.

Wilmington, N. C., March 18.—The tug Alexander Jones arrived at Southport, returning from Cape Lookout shoals on the North Carolina coast, where she went to the assistance of an unknown steamer ashore there. The master of the Jones says none of the tugs was able to get near the steamer, as she was upon the shoals and the sea was breaking over her. Several attempts were made by the life saving station to rescue the crew, but without success. The tugs were unable to get near enough to ascertain the name of the vessel. The revenue cutter Algonquin and tug Compton of this port are still lying by the derelict.

Lake Navigation Opened.

Detroit, March 18.—Navigation on Lake Erie was opened for the season of 1902 by the steamer City of Detroit of the Detroit and Cleveland line, which left her dock at the foot of Wayne street for Cleveland. The City of Detroit had a full cargo of freight aboard and despite this 75 passengers made the trip. Lake Erie was reported clear of ice.

DOINGS OF CONGRESS.

New Doorkeeper Named for the House. Senate Proceedings.

Washington, March 18.—When the house met Frank B. Lyon of Cuba, N. Y., was elected doorkeeper to succeed the late W. J. Giann. The oath was immediately administered to Mr. Lyon by the speaker.

The house then went into committee of the whole and resumed the consideration of the river and harbor bill. When Mr. Hepburn (Ia.), who has fought river and harbor bills ever since he came to congress, arose to speak, there was an outburst of applause on both sides of the house. While acquitting the chairman of the committee of looking to anything but the public service, Mr. Hepburn said there were gentlemen upon the committee who did not hesitate to "log roll" to secure appropriations for their own schemes.

Mr. Lawrence (Mass.), a member of the committee, defended the bill in an extended speech. He declared that if Boston was to obtain the share of the country's commerce to which it was entitled, it was absolutely necessary that the harbor should have the 35 foot channel provided for in the pending bill.

Mr. White (Ky.) spoke in favor of the river and harbor improvements as a proper method of expending money raised by taxation.

In the Senate.

Washington, March 18.—When the senate convened two veto messages of the president were laid before the body and ordered printed. The first was a veto of an act to grant an honorable discharge from the military service to Charles H. Hawley, and the other was a veto of an act for the relief of James W. Howell.

Mr. Rawlins (Utah) offered some correspondence with respect to the organization and purposes of the Federal party in the Philippines, which he asked to have printed as a document. The request gave rise to some debate. Mr. Rawlins finally, on Mr. Allison's objection, withdrew his request, indicating that he would read the correspondence and thus secure its publication in the Congressional Record. A resolution offered by Mr. Gallinger directing the civil service commission to send certain information to the senate was passed.

The bill to protect the president of the United States was taken up and Mr. Vest (Mo.) made a speech on the measure.

Ship Subsidy Bill.

Washington, March 18.—The ship subsidy bill as passed by the senate limits the time of the operation of contracts made under the provisions of the bill to July 1, 1920, and provides that the amount of the expenditure under the mail subsidy paragraph shall not at any time exceed \$8,000,000 annually. Congress shall have power to amend or repeal the act without impairing any contract made under its authority. No foreign-built ship shall participate in the subsidy and no foreign-built ship of any line acquired by American citizens shall be admitted hereafter to American registry.

PEACE TALK REVIVED

President Kruger Dispatches a Messenger to South Africa.

London, March 18.—Mrs. Eloff, wife of Mr. Kruger's private secretary, sailed for South Africa on Saturday. Her husband expects to follow her speedily. The inference drawn by some people at The Hague is that Eloff will carry letters from Mr. Kruger which may have a decisive effect in ending the war. The generalization is an elastic one, but without doubt well informed people at The Hague are convinced that negotiations are in progress and peace nearer than is generally supposed.

Theatrical Manager Injured.

New York, March 18.—David Belasco, the theatrical manager, has been severely injured at the Criterion theater in this city. While the heavy sets of scenery were being lowered to make the street scene in the final act, in which the leading man is taken to the guillotine, one of the massive borders broke from its fastening and fell, striking Mr. Belasco on the right side of the head. The curtain was held for 10 minutes, while a doctor was summoned. He dressed the wound and Mr. Belasco was revived sufficiently to be put into a carriage and taken home.

Indictment Against L. & N.

Louisville, March 18.—An indictment returned against the Louisville and Nashville railroad by the federal grand jury is made public. It charges a violation of the interstate commerce law, in the offense consisting in the road charging less for the transportation of corn in carload lots than the interstate commerce law prescribed.

STOPPED BY REBELS.

Chinese Troops, Worsted in a Battle, Await Reinforcements.

ENGAGEMENT LASTED TWO DAYS.

Important Towns in the Hands of the Revolutionists and the Revolt is Spreading Rapidly, Imperial Soldiers Deserting.

Hongkong, March 18.—General Ma has been followed by the Kwang-Si rebels, who have taken possession of Fang Cheng (Feng Chuan). They have killed or captured all the mandarins and have looted the town. General Ma attacked the rebel strongholds, but after an engagement lasting two days was forced to retreat. The rebels then established their headquarters at Fang Cheng. The rebellion is spreading rapidly in the provinces of Kwang-Si, Kwang Tung and Yun Nan.

A letter received here from Tien Paf, 50 miles from Kwang Chou, says all business is suspended there owing to fear of the rebels.

Marshal Su is at Lien Chow and General Ma is at Kao Chou (both in Kwang Tung province). Both of these commanders are awaiting reinforcements. They wish to join their forces, but the rebels are holding all the intervening passes and prevent a junction of the government troops. Many of the imperial soldiers are joining the rebels, owing to the superior pay offered them and the opportunity for looting. The rebel leader is Hung-Ming, a relative of the celebrated Hung-Sou-Chuen, leader of the T'ai-Hung rebellion.

Rebels Marching on the Capital.

Port of Spain, Island of Trinidad, March 18.—A force of Venezuelan insurgents, supported by the revolutionary steamer Bolivar, captured the town of Juen Griego, of the island of Margarita and afterwards moved on the town of Asuncion, capital of the island. The Venezuelan government troops were defeated and there was every indication that the insurgents would soon be masters of the whole island.

Liberal Army Victorious.

Washington, March 18.—Secretary Long has received the following cablegram from Commander Rogers of the gunboat Marietta, dated Colon: "Liberal army has gained a victory. Rebels have possession of the country west of Panama. Fighting expected on the Isthmus."

Soldiers and Civilians Fight.

Mobile, Ala., March 18.—A report was received here from Morgan, Ala., at the entrance to Mobile bay, that a riot between soldiers and civilians occurred there Sunday night. One man is reported to have been killed and 10 or 15 wounded. There has been no communication between the barracks and this city since Sunday afternoon. The news was not learned until a private boat came in. About 40 or 50 soldiers were drinking at a saloon called "The Blue Goose," on the outside of the reservation when the fight started between the boys in uniform and a crowd of civilians who are making repairs at the barracks. Pistols and knives are said to have been used.

Martinelli's Successor.

Rome, March 18.—The scramble to be apostolic delegate at Washington continues, as it is equal to the four largest European nunciatures, the occupants of which only leave their office to become cardinals. Among the many candidates to succeed Monsignor Martinelli, it is now confirmed in the highest authority that Monsignor Falconio will be chosen. As the pope was receiving the Most Rev. L. N. Regin, the archbishop of Quebec, he is quoted as having said: "The apostolic delegate at Ottawa will soon leave you, but will stay on your side of the world, going to Washington."

Attorney Hitchcock.

Washington, March 18.—Secretary Hitchcock telegraphed here that his brother, Henry Hitchcock, died at his home in St. Louis. Mr. Hitchcock had been ill for some weeks with heart trouble. He was 71 years old. He was formerly president of the St. Louis Bar Association and had a wide reputation among lawyers throughout the country. He was offered a seat on the bench of the United States supreme court by President Harrison, but declined on account of his large law practice.

Paris, March 18.—Marcise Quiellen, 49, editor of the Journal Officiel, was run over in the boulevard Port Royal by an automobile. M. Quiellen was taken to the hospital, but died a few minutes after his arrival.

Col. JOHN L. SHUFF has been elected Chairman of the Democratic Campaign Committee at Cincinnati. If Shuff is as big a hustler in politics as he is in a business way, the Republicans have a fight ahead of them.

MAYSVILLE'S BOARD OF TRADE.

An Outside Opinion of the Good Work Done For the City by this Organization.

[Paris Gazette.]

There is one thing about the city of Maysville that is certainly to be commended by the hustlers and lovers of hustlers. They have a Board of Trade in that town that does not allow the outside world to forget that the city is on the map. About once a week everybody within a radius of a few hundred miles gets a tract telling of the resources of the place and its many advantages. If the response to these communications is not satisfactory and times get a little dull, all of the citizens go in and get up a tobacco fair, which has grown to be of such magnitude that even the Governor of the State, and many prominent men of other States, not only attend, but make speeches and partake of the weed.

FORMER MAYSVILLIAN.

Miss Elizabeth Bryant Johnson, Author of "The Days That Are No More"—Her Niece a Photographer.

[Washington Correspondence Lexington Leader.]

Miss Johnson, originally from Maysville, contributes to the prestige of Kentucky by the brilliancy of her pen. She devotes herself to literary work. Her latest book, just published by the Abbey Press, New York, is "The Days That Are No More," in which in several short stories she graphically depicts Dixie "befo' de war." Her "Guide to Mt. Vernon," for many years has been the standard book of reference to that historic place. Miss Johnson has a delightful home with her brother, Judge Johnson, on Florida avenue. Her niece, Miss Frances Johnson, is one of the most distinguished as well as exclusive photographers in the country.

The handsomest pictures of Alice Roosevelt, now current, are her works. President McKinley graciously allowed Miss Johnson to take a snap shot of him just seventeen minutes before his assassination.

Miss Johnson had an artistic training for two years with the great Julien at his Paris studio, after which she devoted herself to expert photography at the Smithsonian. Another distinguished niece of the authoress, Miss Elizabeth Bryant Johnson, is the vocalist, "Marie Decca," born Johnson, of Maysville, whom she brought up and educated.

Several young men will take the examinations in the evening educational classes offered by the International Committee of the Y. M. C. A. Those passing a grade of 75 per cent. will receive a certificate from the committee. About 1,700 took the examination last year in the U. S.

A letter from Mr. and Mrs. W. B. Carpenter states they enjoyed a visit to Cuba this winter and before returning to Cincinnati will visit the Charleston exposition, New York, Philadelphia, and lastly their daughter, Mrs. Bradford Ruby, in Charleston, W. Va.

Representative James N. Kehoe, of Kentucky, was among the speakers Monday night at the celebration of St Patrick's day of the Ancient Order of Hibernians, Carroll Institute Hall, Washington City.

There will be a concert and social at the M. E. Church on March 25th at 7:30 p. m. to which the public are invited.

The loss by the burning of Mr. Sanford Carpenter's stable at Millersburg last Saturday was \$1,500; insurance \$500.

Robert Robinson and Frankie Smith, colored, were married this morning.

PERSONAL.

—Miss Dorothy Peed, of Millersburg, is visiting relatives in this country.

—Mrs. A. Honan and daughter left Tuesday afternoon over the C. and O. for New York.

A Pleasant Anticipation!

Our buyer has returned from a two weeks visit to the Eastern markets. This season we stand to out rival our fifty years store keeping in Maysville. Such variety and beauty in wool dress goods, silks and trimmings it has never been our good fortune to own, nor your pleasure to behold. New goods are coming daily, but not until the last of the week will the arrivals be complete. Promise yourself a rare textile exhibition, key expectation to the highest register, then come, you can not be disappointed, so well are we prepared to realize your broadest hope.

Elder J. W. Bullock, who has been with us the past six months, is visiting in the country.

The wife of Town Marshal Stamm is on the sick list.

L. M. Brothers and wife, of Augusta, attended the burial of Hilda Elliott.

Our little town was sorrowfully shocked Sunday morning to hear of the death of little Hilda Elliott which took place in Cincinnati Saturday evening. She was such a sweet, bright and beautiful child, loved by everyone and petted by all who knew her. She had been sick three weeks, with measles first and then scarlet fever, through which death claimed her as his companion over the dark waters. But she is now at rest. May this strange, deep sorrow prove a blessing to all bereft. May God bind up the broken heart and heal the wound so deep and sore. She was only five years old—just a bud on earth to blossom in Heaven. We offer condolence to those who mourn her death.

EAST LIMESTONE, Mich. 19th.—Monday was a day of sunshine and snow storms.

Wheat is looking well and a fine crop is anticipated.

W. H. Tully and Rolla Edmonds, of Cottageville, were jovial guests of their cousins, the Williams boys, Saturday and Sunday.

The distinguished German representative who

took his departure Wednesday from American shores was no doubt impressed with our grand republic, and perhaps to such a degree that when he reaches his home he will be affronted with the absurdity of his monarchical reign over millions of people in military enslavement, and be induced to renounce his royal sovereignty and substitute liberty instead. He could not but feel highly honored at the grand ovations and lavish receptions accorded him during his visit at the hands of some Americans, who aside from official courtesy and true American hospitality, must have forgotten they were Americans.

Mr. and Mrs. G. W. Beigle were called to the home of their brother and sister, Mr. and Mrs. Sidney Beigle, of Seaman, O., Thursday morning, by a telegram announcing the tragic death of their daughter, Miss Rosa Beigle, aged twenty years, which occurred Wednesday evening while she was attempting to cross a swollen stream known as Grace's Run. Miss Beigle had left her home to visit her grandparents, Mr. and Mrs. Charles Kratz, near West Union, twelve miles distant. A heavy rain overtaking her on the way, she concluded, after having gone some distance, to postpone her visit and return home, taking a nearer direction, bringing her to a narrow, swift stream, which had suddenly become a raging torrent. Charles Moore and Kimball Britton, who were near the crossing, advised and importuned her to not think of attempting to ford the dangerous stream, but their entreaties failed to convince her of her folly and she was soon at the mercies of the furious current. She made a desperate grasp at the wheel of the overturned buggy from which she had been thrown into the stream, but the wheel gave way and the young men who had warned her of her danger said that she was doomed, though they made a vigorous effort to save her. The horse gained its footing after washing down the stream some distance, but was too much exhausted to pull out the wrecked buggy that was still clinging and which had been turned over three times in the struggle. Parties waded into the water waist deep and rescued the animal. The body of the unfortunate young lady was found about 9 o'clock the same evening a mile down the stream after the receding of the water. Her long beautiful black hair had become entangled in the brush of a tree. The remains were removed to the residence of a Mr. Jenner nearby, and were taken in charge by undertakers of West Union who prepared them for burial and returned them to the home of the stricken parents Thursday morning. Funeral services were conducted by Rev. Montgomery at 10 o'clock Friday morning at the residence in the presence of a large number of relatives and friends, after which the remains were laid to rest in the Oddfellows Cemetery at West Union. Miss Beigle, while attending the Maysville fair, was a visitor in this neighborhood and her social and agreeable disposition won her many friends who sincerely deplore her sad fate. Mr. G. W. Beigle returned home Saturday evening, while Mrs. Beigle will remain a few days with her grief-stricken sister who is prostrated, having been unable to attend the burial of her ill-fated daughter.

The thermometer registered 15° this morning.

LIABILITY OF PRINCIPAL.

Opinion of Appellate Court in the Case of Lingenfelter Against Vogt Machine Co.

In reversing the above case taken up from this county, the Court of Appeals says:

Though defendant has appropriated to his own use, in the operation of his manufacturing plant, valuable and necessary machinery, purchased from plaintiff by one whom defendant had put in charge of the property as his agent, and which was put into the plant with his knowledge and without objection on his part, it was error to render a personal judgment against him for the price or value thereof, plaintiff being entitled only to a lien thereon.

A. E. Cole & Son for appellant; W. D. Cochran for appellee.

Beauty is born in the blood. Beauty is more than "skin deep," it is blood deep. When the blood is tainted by disease the flesh will feel it and the skin will show it. Sallow or muddy complexion, pimples, blotches, and eruption are only the surface signs of impure blood. Face washes, lotions, complexion powders, may palliate the evils but they cannot cure the disease. The only cure is to cleanse the blood of the poisonous matter which is the cause of the outbreak in the flesh and skin. Impure blood can be absolutely purified by the use of Dr. Pierce's Golden Medical Discovery. Its effect on flesh and skin is marked. Sores heal and disappear. The skin becomes smooth, and regains its natural color. The eyes brighten and sparkle, the whole body is radiant with the brightness and beauty of health. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant, and is absolutely free from opium, cocaine and other narcotics. The use of Dr. Pierce's Pleasant Pellets assists the action of the "Discovery," by cleansing the system of clogging matter.

Glorious Easter

IS FAST APPROACHING!

We made the effort of our career to have the most attractive and at same time most modest in price Children's and Boys' Clothing for Easter holidays. Our Children's Suits begin at \$1.50 a suit. Don't let this price suggest to you a doubt as to the wear. It is a regular \$2.50 Suit. The quantities we bought makes it possible to sell them at \$1.50. From this price we go to \$2 and up to \$6. None can be duplicated at the price elsewhere. We respectfully invite all mothers who have youngsters to clothe to examine our Children's and Boys' Clothing. Our Easter Neckwear will be a revelation to you. Hats in so many styles and qualities that it would take an entire newspaper to tell of all.

OUR NEW SPRING YOUNG MEN'S AND MEN'S CLOTHING

is just the kind that you cannot do without, and cannot find them in any other house in the State. Here you find the choice productions of four of the most celebrated Rochester manufacturers. Stein-Bloch Co., L. Adler Bros. & Co., Michaels Stern & Co. and Garson Meyer & Co. Ask other clothiers what class of merchandise these four firms turn out. All of these lines are confined to us. No other clothing house in the State can truthfully make this statement.

Our \$6, \$8 and \$10 Suits of which we have an immense variety, you will find the best for the price in the market. Our Spring Top and Cravenette Coats will interest good dressers. We want you to see them.

Don't overlook our Men's and Boys' Shoes. Look in our west window. You will feel interested. Every pair we sell are guaranteed to give reasonable satisfaction.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

THE BEE HIVE

DIFFERENT NOW FROM THE CIVIL WAR TIMES!

Two hundred thousand buyers go to New York each season. One hundred and ninety thousand don't know how to buy! One hundred and ninety thousand merchants would be better off if they stayed at home and wrote to some good house to send them what they need.

Some merchants wonder why their goods don't sell when they advertise that they were in New York to buy them. Some merchants don't know that the war is over. Some merchants think because they bought certain kinds of goods every year for FORTY YEARS they still have to buy them. THEY DON'T KNOW that they should have stopped buying that same article THIRTY-NINE years ago. GOODS BOUGHT RIGHT ARE HALF SOLD.

The secret of MERZ BROS.' success is in OUR NEW YORK CONNECTIONS. We have been asked very often how it is that we have an entirely different line from other merchants. We answer that the goods we buy are not shown in New York. Take for instance our trimming house. The buyer goes to Europe with a thousand customers on his books. He sees a handsome novelty; he buys all of it and sends it to all customers on his list. It's never shown in New York. And so it is down the list—Dress Goods, Silks, Laces, Embroideries, etc. 'Nuff said. Just remember what we show is fashion; what we don't is not.

MATTINGS

A ship-load of Mattings was in a storm; some were wet. The load was sold at auction. We got fifty rolls that were never wet—beautiful Japanese Mattings. Price should be 45c. This lot 25c. per yard. "You'll have to hurry."

LINENS—A new line, the very thing for Boys' suits, Children's blouses. 15c. per yard.

Two pieces check linen, black and blue, suitable for skirts and Boys' Pants, worth 30c. Special price 12½c.

TABLE LINEN, unbleached, from 29c. up. A special value at 50c. Would like for you to ask to see this number. LUNCH CLOTHS—Hemstitched and drawn work. A beauty for \$1.19; better one at \$1.49.

CHARMING RECITAL.

Madame Bailey, Prof. Kruger and Miss Moore Delighted a Large Audience Last Evening.

The charming song recital at the First Presbyterian Church last evening will take its place in the memory of all that were present as one of the most delightful and elevating experiences of our social life. The parts were varied and all well sustained. The performances upon the piano by Mr. Kruger and Miss Moore were marvels of brilliant and effective instrumentation, and the exquisite vocalization of Mrs. Bailey derived a peculiar and unaccounted charm from the personal grace of the singer, who won all hearts by her dainty, finished and dramatic reproduction of the various roles in which she appeared.

The audience, we are pleased to say, was in every way worthy of the occasion, and we sincerely trust that among the thick-coming opportunities of old Maysville she will have many such artistic opportunities as this.

We congratulate Miss Moore and Dr. Barbour upon the success of their efforts to appeal to a higher musical taste.

The will of the late Mrs. Ada Haughey was admitted to record Tuesday. Arthur Haughey qualified as executor without bond. Appraisers, James Asbury, J. J. Thompson and A. L. McKibben. Her niece, Marie Shepard, is to receive some silverware, table linen and jewelry; her nephew, Thomas M. Wilson, \$200 cash, and the balance of her estate goes to her husband.

A. F. Curran has qualified as a Notary Public with Thomas A. Davis as surety.

For fresh oysters and fish call on Biagiotti & Co.

Mr. Louis Poth is seriously ill at his home in Fifth ward.

Mr. James H. Sallee remains seriously ill at his home on Market street.

For chapped and rough skin use Ray's Edelweiss Cream. It is guaranteed.

F. Marggraff, of Augusta, has been granted a patent for a tufting button.

The Thomas Jackson reliable horse remedies will again be on sale at J. Jas. Wood & Son's. Mrs. THOMAS JACKSON.

The young men's gymnasium class is preparing for the athletic meet to be held about April 1st by the Y. M. C. A.

Every junior member of the Y. M. C. A. should hear Dr. Brand Saturday morning at 9:45. An interesting subject. Free to the junior members.

Mrs. L. V. Davis is the only Maysville milliner who goes direct to New York to buy; hence, she has novelties that cannot be found elsewhere in this city.

There is no truth in the report that William Wallingford, son of Mr. Jos. W. Wallingford, was a passenger on the train recently wrecked at El Paso, Texas. He did not reach El Paso until the day following the wreck. He reached San Francisco safely Mch. 11th.

At Lexington J. F. Wood filed suit against John D. Walker and eight others, constituting the United States Mutual Investment Company, in which he asks that the company be adjudged to have no legal corporate existence. He also seeks to recover \$253.43, which he alleges he has paid into the company.

RIVER NEWS.

Captain Bay Says Shippers Will Not Stick to Independent Packets and Will Have to Suffer Consequences.

Falling slowly at this point, but rising above here.

Keystone State and Stanley down tonight. Bonanza up for Pomeroy.

The shippers may learn a few things after a while. Experience is a costly teacher and if merchants and other shippers have to pay exorbitant rates a few years, they would probably be willing to remain loyal to most any old packet that would come to their relief.

Daily Irononian: "Captain Bay says that the increase of the freight rates recently made by the White Collar Line ranges from forty to fifty per cent., and states that if the combination continues for a year Ironon will be the same as an inland town, as it would receive no benefit from the river traffic. When it was suggested to him that he put a boat in the Cincinnati trade in opposition to them, he said that the public was too much of an uncertain quantity for him to again attempt to relieve it. As soon as he put in his boat and cut the rates to a reasonable figure the White Collar Line would immediately put them down to a very low figure and the public would immediately go back to the White Collar Line."

While we are ready to wait on any who may want an Easter Bonnet or Hat, our regular Spring Opening will not occur until Thursday and Friday, April 3d and 4th. Mrs. L. V. DAVIS.

Mr. and Mrs. Ira Beem, formerly of Maysville but later of Portsmouth, lost their three children recently from measles, the last death occurring within ten days from the death of the first child. Mr. and Mrs. Beem have the sympathy of friends here.

Rev. Wm. Norman Guthrie, who lectured in Maysville a few years ago and has a number of friends here, was severely burned about the face and head last Sunday evening while trying to start a fire with coal oil at his church at Fern Bank, near Cincinnati.

A. J. Stein & Co. will commence boring for oil next week at the mouth of Tar Fork, eighteen miles south of Vanceburg. The prospects are thought to be good in that locality. For a number of years oil has been oozing out of the ground in a spring near there.

The Kentucky Press Association's bill concerning public advertising was passed after being amended. The amendment provides for the advertising in only one paper, but leaving it optional with the parties interested as to whether it shall be in an English or a German newspaper. They must secure an order of court to that effect before being released from the obligation to advertise. The advertising shall not be compulsory when the parties interested agree that it shall not be done. An amendment making the daily newspaper rate \$1 an inch instead of 50 cents, as provided for weekly newspapers, was adopted.

The BULLETIN is indebted to Congressman Kehoe for an official map of the United States and territories and insular possessions.

Judy & Butler, of Millersburg, bought 20,000 pounds tobacco of John Peed at 8 cents, and 50,000 pounds of W. M. Layson at 7½ cents.

Attention is called to the advertisement of Slatery & Collins. They offer for sale a five-horse power boiler with tank, &c. Also a profitable business to party with small capital.

At Manchester the Republicans have nominated T. W. Connelly for Mayor and Wilber Cooly for Marshal. The Democrats have named ex-Mayor Tucker for Mayor and Sam Shelton for Marshal.

Mayor H. T. Duncan, of Lexington, has awarded the city printing for the ensuing year to the Morning Herald. The contract is usually awarded the first of April, but the Senate Monday passed the Klair bill giving the awarding of the printing to the City Attorney and taking it out of the Mayor's hands, and it was necessary for hasty action.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

The BULLETIN told in Tuesday's issue of the marriage of Jacob Adams and Miss Julia McKinney, an eloping couple from Fleming and Bath counties. A special from Flemingburg says it was the sixth attempt of the girl to elope with her lover. Adams was one of the defendants who was recently acquitted of the murder of Lander Barber at Grange City, and Miss McKinney was one of the most important witnesses in the case.

Confederate soldiers are remembered in the will of Mrs. S. P. Lees, of New York, by a legacy of \$40,000. The bequest is said to be the fifty-eighth in the will and the amount, it is reported, is left to Mr. Cabell B. Bullock, of Lexington, and Mrs. Breckinridge, wife of the Hon. Clifton R. Breckinridge, for several terms a member of Congress from Arkansas and afterwards Minister to Russia during Mr. Cleveland's last administration. The trustees of the bequest to Confederates, it is said, are given full power to dispose of the fund as they may deem wisest, no instructions being given as to its disposal. Mrs. Lees left an estate valued at \$2,000,000.

The largest cannel coal field in America has just been opened in Morgan County, Kentucky, and the placing of this splendid fuel on the market in competition with the bituminous coals is interesting to consumers throughout the country. As yet the mining facilities are meager and it will be months or years before this coal can be secured throughout the United States as is bituminous coal, but capital and industry are destined to develop the fields so that if the quantity is as has been represented every part of the world will get some of the supply. The territory now being developed covers 6,000 acres rich with cannel coal and a new railroad has just been completed, so that it can be got on the market.

Seed

Pedigree!

You consider pedigree valuable in a horse, it is more so in seed. The basis of pedigree is that like produces like. Our seeds were planted from good seed and raised purposely for seed, which leaves no doubt as to kind, or variety or productiveness. This should make them more valuable to you than seeds bought from houses who don't raise an acre of anything, but who buy their seed wherever they can be picked up. Besides these reliable seeds cost no more. Plant good seed and insure a good crop.

The Magnolia Mills.

After running steadily since harvest, this mill has closed down to make repairs, also to put in some new machinery, and in a short time will be able to furnish a better class of meal than ever before offered. I have a supply of flour on hands which I will guarantee to give perfect satisfaction. Mill feed is very scarce, but will make an extra effort to supply our customers. If parties who are needing mill feed will in the future use flour manufactured at home, also insist on their friends doing likewise, they will have no trouble in getting mill feed, as it is impossible to make mill feed without making flour. Yours, R. A. CARR, Magnolia Mills.

The United States Inspectors are determined to enforce the law in regard to passengers going into the pilot house of the steamboats while under way. For a violation of this law, Captain Ed. Williamson, of the Henry M. Stanley, had his license suspended for ten days, and Pilot Jim Cole's was suspended for thirty days. The offense was the allowing of two passengers in the pilot house of the steamer at Ripley, while the boat was in commission.

Sousa and His Band.

John Philip Sousa having returned from England is now engaged upon another of his remarkable concert tours with his great band which will embrace 120 different towns in New England, the South and Middle West, extending well into the spring. He will bring the famous organization to Maysville for a grand concert on the afternoon of Friday, March 28th, at the opera house. There is no other band in the world quite like Sousa's, and there is no other conductor quite like the "March King." As the London World says: "It used to be said that Strauss's band was the 'Blue Danube' incarnate, and so Sousa's band is the living embodiment of 'The Washington Post.'" Sousa will bring a number of musical novelties, including his last march "The Invincible Eagle." The soloists with the band on this tour are Maud Reese-Davies, soprano; Dorothy Hoyle, violinist; Arthur Pryor, trombone, and Walter B. Rogers, cornet. Sale of tickets opens March 26th at 3 p. m. at opera house.
